The Four Parenting Keys to Ensuring a Successful Student

It's not that hard! It is that simple. Ask any teacher. Ask almost anyone who has been successful in school and life.

- 1. Feed your child before you send him/her to school.**
- 2. Make sure your child has enough rest and sleep before each school day.**
- 3. Bring your child to school on time.**
- 4. Make sure to support your child to get his/her homework done each day.**

Without these four parenting keys, the rest doesn't matter. Without these four parenting keys, all the theories, all the techniques, all the supplies... all of it doesn't matter! You may not be able to control to your satisfaction, the budget of the school district, or increase the taxes, or hire the perfect teachers, or repair the school building, or fix the ex, or change the makeup of the school, or the school board, or anything else, but you **CAN** and **DO** control these four keys as the parent.

**It's not that hard! It is that simple.
Do it! No excuses!!**
